

# MARKING FLAGS

Electro Tape's broad selection of contractor-grade marking flags (otherwise known as "stake flags") are ideal for marking a variety of applications, including electricity lines, irrigation lines, utilities, crop rows, and any other application needed to attract attention towards a certain boundary or to avoid while digging.

Constructed using heavy-duty polypropylene and strong steel shafts make them ideal for long-term marking solutions that withstand the elements!

## MARKING FLAG COLOR CODES

CODES FOR FLAG COLORS ARE SET BY THE AMERICAN PUBLIC WORKS ASSOCIATION

### YELLOW

Gas, Oil, Steam, Petroleum or gaseous materials

### BLUE
